

IN THE NAME OF LOVE

“I don’t wear because I care, too. We all do.”

Please read to understand. Print this document and give it to people who demand you act against yourself and participate in fear. This document is intended to help Mankind speak to one another without fighting. We have another option.

We have a unique opportunity before us as a collective of humans. 2020 demonstrated how connected we are. We now know that we are capable of collectively shifting as One. WE have the opportunity to lead. When people Lead, “leaders” follow.

True Leadership is born from Love. True Leadership is born from the inspiration of a better future and an understanding that every moment of our lives is our vote for a future our physical bodies may never live to see. We have people employed as “leaders”. This is not true Leadership. Employed leaders are apt to be bought because the nature of their “leadership” is subject to influence. It is not anchored in Love. Politicians, elite tycoons and their pawns; the reporters regurgitating words. They rule us. We are Peasant.

Every One of Us in the “ruled class” is operating based on the belief that their decisions are in the best interest of us all. At our core, this is what gives Peace. Some of us wear a mask to show we care; while, others will not wear a mask to show we care. When We act out of accordance with our Truth, fear, confusion and internal conflict is born. Our lives must be Lived. They must be Lived in Truth.

Be cautious of anything that relies on fear to meet its means. This is not empowered. And We have a unique opportunity before Us as a Collective to choose what kind of future we each collectively hope for. Hope must never be forsaken.

I write this to you today because behind every set of eyes I meet, there is a Love that can be seen. I do not wear the mask because I reject participating in deceptive and omissive media practices. I will not vote with my Life for a future that is infused with fear, even if I can respect how and why others feel afraid. I will not create false safety for you by putting on the mask when I understand that the long-term implications of becoming an accomplice to fear-regimes means that I am (consciously or unconsciously) voting for a future of government ownership of People.

Fear is the old way of being, and We, the True Leaders of society, have an opportunity to choose which way this goes. We all play a role. We are always voting. You must see your Life for what it is - a tiny blessing of experience in the grand Experience of Life. Make Hope & Love a priority.

If there is a part of you that knows you are being deceived, then do not make yourself comfortable in the darkness. Love requires Courage, and Courage can only be born from Love. If there is a part of you that knows you are permitting the lies to go unspoken by participating in the regulations of dishonest “leaders”, consider the wars which you are creating within your self. To create a war inside yourself is to give permission for wars to continue waging outside of your self. Our beliefs are more powerful than we know. The people who call themselves “leaders” but remain uninspired by Love know how powerful Our Collective belief is at their top. That is why so much effort is put forward to control the beliefs of people.

The time is here. No more hiding. If you want to vote for Honesty, Courage and Love - then do it. Show up and show yourself. If you want to vote for a rhetoric that relies on fear, then do that - but recognize that not everyone has to make that choice alongside you. You can stay home until you feel safe. We are rising for a vision, not for our concept of “I” ...and I mean, We'll still wash our hands and give space to others, whatever, but like wow. The evidence about the masks not being necessary to control the spread is staggering. There are places that were just like “nope” and were just done with the lunacy side of it all. The Vaccine Passports? That's not it. That's such a weird choice for us to All vote for.

The introduction of Vaccine Passports represents a great deal of loss that is currently underway. Freedom of Thought is under attack. Freedom of Action is under attack. And why? Because we are afraid of death? Because we are afraid of the one thing that will without a doubt come to pass for each and every one of us? It is time to imagine a brighter future with the Time we are given. One that is not concerned with the whispers of fear. Recognize that fear is the easy emotion. Love requires Courage, Peace and Strength. Oneness starts with me.

The Democracy of the Golden Age is not voted upon at the voting polls.

Your vote is cast in every single moment and action of your day.

How you behave is your vote for the future. We are Oneness.

HEALTH & WELLNESS MISSING FROM THE MEDIA

- Vaccines are not the same thing as HEALTH.

UNMENTIONED GLOBAL POLITICS

- In September of 2019 a tribunal came before the United Nations and reported that "beyond reasonable doubt" the Chinese Communist Party (CCP) has been committing genocide against peaceful peoples within China (Falun Gong, Tibetans and Uighur Muslims) and putting them into concentration camp prisons. This is a readily available report by the UN Tribunal that is extremely accessible. Why is the media failing to report this but we continue to learn of the CCP's involvement in vaccine roll-out and even the derailment of vaccine development by the CCP.
- The Canadian government allowed China's "People's Liberation Army" to train on Canadian soil throughout 2020. Why would a country be involved with known human-rights criminals? If a government is able to work with a country that is known for its active concentration camps, how will history remember that country? I suppose it depends who writes history in the end.
- People around the globe are protesting. Particularly ones who are historically familiar with Totalitarianism. Do your own investigation.
- **The Great Barrington Declaration - Look it up. Read it.**
- Multiple locations around the globe decided to disregard their countries' pre-pandemic plans and opted for a response that incited fear instead of managing fear. (See Lieutenant Colonel David Redman interviews)
- Legislative powers are shifting without under the ruse of your fear and chaos.
- The media reports but does not investigate people losing everything.

HONOURING RAGE

The war machine wages on.

And in my rage, I have shrieked into the night and witnessed my own heartbeat become the drums of war. On the pages of my journal were words that cried for battle. I had become what I sought to see the world free of. My words echoed the rhythms of the war machine.

I had become darkness. "Let it all burn" I have whispered to the sky, because indeed the Old Paradigm is sick and those who are the 1% are the sickest of Us all. The Dark Age before the Dawn. We are the Dawn.

"Peace" my Warrior Self whispered. You cannot change the world. You can only change your self.

The Resistance is Living Free. The Revolution is Peace.

There is a war being fought for your mind, fight back with peaceful freedom. Every choice in your day is your vote.

The Deception that Breaks My Heart

Another Look at the PCR Test

Dr. Kary Mullis unfortunately died in August of 2019, a few months before his Nobel Prize winning invention/discovery of the PCR test would be used to deliver “positive” tests to the unsuspecting world of Mankind.

“With PCR, if you do it well, you can find almost anything in almost anybody. It starts making you believe in the Buddhist notion that everything is contained in everything else. Because if you can amplify one single molecule to something you can really measure, which PCR can do, then there [are] very few molecules that you...don’t have one single one of them in your body.” These are the words of Dr. Kary Mullis discussing his 1993 Nobel Prize winning PCR test.

You can find almost anything in almost anybody. Essentially, you can find any virus in anybody. Mullis explained that the only real “misuse” of the PCR test is the ***misinterpretation*** of it’s results.

“It allows you to take a very miniscule amount of anything and make it measurable and then talk about it at meetings and stuff like it is important” Mullis stated, “you see, that’s not a misuse it’s sort of just a misinterpretation”.

“An organism’s genome is stored inside DNA molecules, but analyzing this genetic information requires quite a large amount of DNA. In 1985, Kary Mullis invented the process known as polymerase chain reaction (PCR), in which a small amount of DNA can be copied in large quantities over a short period of time. By applying heat, the DNA molecule’s two strands are separated and the DNA building blocks that have been added are bonded to each strand. With the help of the enzyme DNA polymerase, new DNA chains are formed and the process can then be repeated. PCR has been of major importance in both medical research and forensic science.” This quote is taken directly from nobelprize.org -- it is of major importance in research and forensic science. Not in diagnostics.

Dr. Kary Mullis was the president of the University of South Carolina and there is an interview where he talks about inviting Dr. Anthony Fauci to debate him in front of the student body. Fauci declined.

Mullis stated “These guys like Fauci get up and start talking and he doesn’t know anything really about anything, and I would say that to his face. Nothing. The man thinks you can take a blood sample and stick it in an electron microscope and if it’s got a virus in there, you’ll know it. He doesn’t understand electron microscopy and he doesn’t understand medicine and he should not be in a position like he’s in. Most of those guys up there on the top are just total administrative people and they don’t know anything about the body.” Mullis went on to say, “Those guys have got an agenda which is not what we would like them to have, being that we pay for them to take care of our health in some way. They have a personal kind of agenda. They make up their own rules as they go; they change them when they want to. And they are smug — like Tony Fauci does not mind going on television in front of the people who pay his salary and lie directly into the camera.”

Mullis was notoriously outspoken, eccentric and even...ah...proud. He was a smart man who believed he was a smarter man than most...but, he did win a Nobel Prize. Even though he wasn’t exactly the most “feel good” kind of honesty all of the time, his words regarding his PCR Test ring with validity.

Mullis may have stated that you cannot misuse the PCR Test, but he did not live long enough to witness “misinterpretations” being presented as positive tests again and again by individuals who should know better and who are, by the definition of their jobs, public servants. There are class action lawsuits that have been launched with regards to PCR tests that are absent from media rhetoric. In the summer of 2020, judges in Portugal stated that “this test is, in itself, unable to determine, beyond reasonable doubt, that such positivity corresponds, in fact, to a person’s infection with the SARS-CoV-2 virus”. Now having read the inventors words, we can appreciate that this is because you can “find almost anything in almost anybody”. In any sample of anything, you will likely find anything.

This is deceit against our Collective mind.

The PCR Test is remarkable because it, in itself, has the capacity to reframe our concept of existence. Eastern Science and Western Science. All of life contained within itself. This is perhaps the darkest part of the deception. What we have here is a discovery capable of shifting our entire paradigm if it were to be celebrated or explored for what its true potential is.

Because you see. Life is Death. And Death gives way to Life. The only promise that will be kept for each and every one of us is the promise of the return to where we came. The great Mystery of Life can only be answered in Death. Everything else is speculation.

The deliberate misinterpretation of the PCR Test alters the course of the Collective understanding of Life itself.

We are Oneness.

A Note from the Barricade

Omens from the Past Inside a Little Pub

As I stood in the dimly lit pub where I had laughed and shared Life with the people I loved as a teenager, a whistle blast notified everyone inside the building to look towards the bar. I found myself looking at my old friend, Scott, standing beside a police officer. The pub grew silent and I felt the emotion push itself up through my stomach. A sight I never expected to behold.

The officer whispered something to Scott and then began walking towards the exit. A slow clap...some of us know that officer by name. As the clapping built up into full on cheers I watched my friend's face. Never have I hoped to witness the expression that he assumed that night. There was nothing joyous about his face in the way that I've known it to be. There was nothing celebratory or of delinquency in his demeanor. The way he stared out towards the tables that he has hosted in his little pub for over a decade...it just...it just broke my heart.

We are the rebellion? We who see that there is a political regime shift occurring before our eyes under the guise of "Health"? We who are supporting our common man in keeping his family's livelihood?

How did we get here? I'm asking you. Each and every one of you. How did we let the slave owners continue to rule the world after the plantations were made "improper"? How have we arrived back in the dark little pubs whispering to one another of what we know and of churches being fenced off? How do the forces that continue to outright abuse Indigenous populations now have the authority to pretend they are Our trusted saviours? Is freedom as a concept fated to fall to nothing but a whimper?

I listened to the words that the people I love spoke in that little pub. I heard the ones who do not want to have children if ownership of their child's life is already contracted at birth. I heard the ones who have listened to their grandparents crying into the phone, preferring death over this lonely excuse for Life. I heard the ones who are ready to fight for something. I held back tears as I stared at the omens before me.

It all just makes me sick. It's all connected. All the years of history. All of the hand-offs of wealth and all of the elite education systems. There is a class of people who do not care about you and I. I do not mean the moderately wealthy, I mean the ones who discuss matters affluently in solitude.

That night, I had to go to that pub, because we are all making history whether we are at home keeping score or out there where awareness and action collide. That night, I watched one of the kindest, most generous and balanced people I know assume the role of Rebel. And the Rebel is simply "someone who speaks out against discrimination and oppression, challenges injustice, doesn't conform to trends, and thrives off of making waves." Whether Scott was aware of it or not. I saw it wash over him, and now I know why resistances have always been born in pubs. Now I know why community space is dissolving while elite-owned box stores carry on with business as usual. Scotty should never have had to step up to this. I could have gone my entire life without knowing that kind of responsibility upon my friend's face. Why do we not help each other when we know someone is standing up for all of Us?

The Collective does not have a seat at the table unless the Collective begins to vote with their every action. The profiteers of this pandemic will not allow it.

There is no sense in learning history if we do not learn ***from*** history.

COVID existed before 2019 and has always been evolving; it will continue to. Every year we see new varieties of COVID. This time it has been sensationalized. There will be a new vaccine available for the new variants every year. Just...think about that. If there is profit, if there is control - those are the two most difficult things for businesses and governments to relinquish. It's easier to enact control than it is to retract. Read the Great Barrington Declaration. Listen to the Doctors risking everything. They are not the ones who have something to gain. The people risking everything are not your enemy.

I'm not asking you to do anything that puts you in danger.

I'm not asking you to do ***anything*** actually.

I'm just writing to you to let you know that We're here. We're all here. We all are voting all the time, we all are making little choices every single day. Some choices align with our Self and ultimately spread the frequency of honesty, truth, confidence and Love. Some little choices spread fear and illusion simply by going against what we believe, by creating a war within ourselves.

I'm not asking you to do anything. I'm just saying - this new way doesn't feel real to me and it does not feel safe to me. This new way does not feel like it's meant to raise us up as the Collective. Keep Hope because everything plays its role within Life. So, to the Darkness I bow my head and say "Thank You". For without you, I would not know the depths of my Love.

If you know something is wrong -- do not vote for it.

We are Oneness.

HONOURING RAGE

The war machine wages on.

And in my rage, I have shrieked into the night and witnessed my own heartbeat become the drums of war. On the pages of my journal were words that cried for battle. I had become what I sought to see the world free of. My words echoed the rhythms of the war machine.

I had become darkness. “Let it all burn” I have whispered to the sky, because indeed the Old Paradigm is sick and those who are the 1% are the sickest of Us all. The Dark Age before the Dawn. We are the Dawn.

“Peace” my Warrior Self whispered. You cannot change the world. You can only change your self.

The Resistance is Living Free. The Revolution is Peace.

There is a war being fought for your mind, fight back with peaceful freedom. Every choice in your day is your vote.

IN THE NAME OF LOVE

“I don’t wear because I care, too. We all do.”

Please read to understand. Print this document and give it to people who demand you act against yourself and participate in fear. This document is intended to help Mankind speak to one another without fighting. We have another option.

We have a unique opportunity before us as a collective of humans. 2020 demonstrated how connected we are. We now know that we are capable of collectively shifting as One. WE have the opportunity to lead. When people Lead, “leaders” follow.

True Leadership is born from Love. True Leadership is born from the inspiration of a better future and an understanding that every moment of our lives is our vote for a future our physical bodies may never live to see. We have people employed as “leaders”. This is not true Leadership. Employed leaders are apt to be bought because the nature of their “leadership” is subject to influence. It is not anchored in Love. Politicians, elite tycoons and their pawns; the reporters regurgitating words. They rule us. We are Peasant.

Every One of Us in the “ruled class” is operating based on the belief that their decisions are in the best interest of us all. At our core, this is what gives Peace. Some of us wear a mask to show we care; while, others will not wear a mask to show we care. When We act out of accordance with our Truth, fear, confusion and internal conflict is born. Our lives must be Lived. They must be Lived in Truth.

Be cautious of anything that relies on fear to meet its means. This is not empowered. And We have a unique opportunity before Us as a Collective to choose what kind of future we each collectively hope for. Hope must never be forsaken.

I write this to you today because behind every set of eyes I meet, there is a Love that can be seen. I do not wear the mask because I reject participating in deceptive and omissive media practices. I will not vote with my Life for a future that is infused with fear, even if I can respect how and why others feel afraid. I will not create false safety for you by putting on the mask when I understand that the long-term implications of becoming an accomplice to fear-regimes means that I am (consciously or unconsciously) voting for a future of government ownership of People.

Fear is the old way of being, and We, the True Leaders of society, have an opportunity to choose which way this goes. We all play a role. We are always voting. You must see your Life for what it is - a tiny blessing of experience in the grand Experience of Life. Make Hope & Love a priority.

If there is a part of you that knows you are being deceived, then do not make yourself comfortable in the darkness. Love requires Courage, and Courage can only be born from Love. If there is a part of you that knows you are permitting the lies to go unspoken by participating in the regulations of dishonest “leaders”, consider the wars which you are creating within your self. To create a war inside yourself is to give permission for wars to continue waging outside of your self. Our beliefs are more powerful than we know. The people who call themselves “leaders” but remain uninspired by Love know how powerful Our Collective belief is at their top. That is why so much effort is put forward to control the beliefs of people.

The time is here. No more hiding. If you want to vote for Honesty, Courage and Love - then do it. Show up and show yourself. If you want to vote for a rhetoric that relies on fear, then do that - but recognize that not everyone has to make that choice alongside you. You can stay home until you feel safe. We are rising for a vision, not for our concept of “I” ...and I mean, We'll still wash our hands and give space to others, whatever, but like wow. The evidence about the masks not being necessary to control the spread is staggering. There are places that were just like “nope” and were just done with the lunacy side of it all. The Vaccine Passports? That's not it. That's such a weird choice for us to All vote for.

The introduction of Vaccine Passports represents a great deal of loss that is currently underway. Freedom of Thought is under attack. Freedom of Action is under attack. And why? Because we are afraid of death? Because we are afraid of the one thing that will without a doubt come to pass for each and every one of us? It is time to imagine a brighter future with the Time we are given. One that is not concerned with the whispers of fear. Recognize that fear is the easy emotion. Love requires Courage, Peace and Strength. Oneness starts with me.

The Democracy of the Golden Age is not voted upon at the voting polls.

Your vote is cast in every single moment and action of your day.

How you behave is your vote for the future. We are Oneness.

Oneness in Action A Peaceful Protest

- 1.) Purchase from small businesses. Delete elite-owned.
- 2.) Live Free. Let nothing make you a hypocrite to your Self. Not even your “job”.
- 3.) Speak of Oneness as a voting system to those around you. Print this document (available at <https://t.me/BeingOneness>) and give it to your friends and to the people in your community.
- 4.) Find gratitude for the current state of the world. Keep Hope alive.
- 5.) Breathe and spend time in silence.
- 6.) Plant a garden and save seeds. Learn what happened to India (Dr. Vandana Shiva)
- 7.) Trust your body! Be in the sun! Exercise!
- 8.) Forgive yourself for acting against your own beliefs.
- 9.) Support others when they change their mind.
- 10.) Listen to victims when they tell you their vaccine stories. What do they have to gain?

SEEING REALITY SO AS TO RAISE CONSCIOUSNESS

What we are not aware of we are much more vulnerable of falling victim to. What is omitted by the 1% is worth knowing.

“Illusory Truth Effect”: Statements that are repeated to humans are perceived to be more truthful than new statements. In other words, if something is said enough times, people will start to believe it as truth even when it is false. **“The Remedy to Illusory Truth Effect”**: Make yourself aware of repetition by elite groups. // **Acknowledgment that this publication is not exhaustive. We must all make ourselves active participants and learners. Connect the dots. See the unfolding of life for the big picture. Become aware of your place in all of Life.**

**What is repeated by authority figures is unconsciously taken on as “Truth”.
Credible information is actively being left out by 1% narrative.**

HEALTH & WELLNESS MISSING FROM THE MEDIA

- Vaccines are not the same thing as HEALTH.
- Data strongly demonstrates that 10 to 20 minutes of sunlight can rapidly inactivate SARS-CoV-2 viral particles! Awesome!
- Long-term safety data for the vaccine is incomplete! It's still in trial. Having fears about the safety of this vaccine is entirely valid!
- Pharmaceuticals is a business. Personal health is a practice.
- Public Health campaigns fail to educate people about accessible Health practices that support and boost immune systems without pharmaceutical intervention.
- Mental health calls & suicide rates notably increased in-line with lockdown measures.
- Breathing pulls the human mind out of panic-stricken “Amygdala Hijack” mode and into frontal lobe presence and decision making. **WE MAKE BAD DECISIONS WHEN WE ARE DISCONNECTED FROM OUR BREATH.**
- **Vaccinated populations are still able to contract and spread COVID.**
- **Every mutation of COVID will require a vaccine. It doesn't end & it's not as deadly as they are repeating.**

UNMENTIONED GLOBAL POLITICS

- In September of 2019 a tribunal came before the United Nations and reported that “beyond reasonable doubt” the Chinese Communist Party (CCP) has been committing genocide against peaceful peoples within China (Falun Gong, Tibetans and Uighur Muslims) and putting them into concentration camp prisons. This is a readily available report by the UN Tribunal that is extremely accessible. Why is the media failing to report this but we continue to learn of the CCP's involvement in vaccine roll-out and even the derailment of vaccine development by the CCP.
- The Canadian government allowed China's “People's Liberation Army” to train on Canadian soil throughout 2020. Why would a country be involved with known human-rights criminals? If a government is able to work with a country that is known for its active concentration camps, how will history remember that country? I suppose it depends who writes history in the end.
- People around the globe are protesting. Particularly ones who are historically familiar with Totalitarianism. Do your own investigation.
- **The Great Barrington Declaration - Look it up. Read it.**
- Multiple locations around the globe decided to disregard their countries' pre-pandemic plans and opted for a response that incited fear instead of managing fear. (See Lieutenant Colonel David Redman interviews)
- Legislative powers are shifting without under the ruse of your fear and chaos.
- The media reports but does not investigate people losing everything.

INTRIGUING ECONOMICS PUBLISHED BUT NOT REPEATED

- Big tech-businesses have seen between 50% & 120% increases to net profits since the lockdowns began. Ergo, lockdowns are good for profit for an elite few. Ten of the richest people in the world have boosted their already vast wealth by more than \$400bn (£296bn) since the coronavirus pandemic began as their businesses were boosted by lockdowns and financial crises across the globe. ~ Forbes
- The World Bank projects the “Global Extreme Poverty” number to increase to approximately 150 million due to lockdowns and the “pandemic” with “increasing numbers of urban dwellers...expected to fall into extreme poverty, which has traditionally affected people in rural areas”. Additionally, the report estimates “82% of the total will be in middle-income countries”. - World Bank
- A small group accumulating wealth while a larger group loses wealth is wealth exchange. The rich get richer. And homeless communities pop up on the side of highways throughout the United States.
- Vaccine manufacturers cannot be held liable for vaccine injuries.

CENSORED SOCIAL JUSTICE

- Funeral homes across Canada have been reporting zero upsurge of deaths in 2020. (sourced from an individual doing private research)
- First hand accounts of hospitals confirm that the hospitals are predominately empty in fear of “overburdened facilities”.
- “Dying with COVID is not the same as dying from COVID” ~ Dr. Roger Hodkinson on comorbidity and data biases.
- Dr. Dennis Modry, listing forces working against Truth and that perpetuate illusion. “Financial and corporate motives, protection of professional reputations, the “Great Reset” of Capitalism and cognitive dissonance”
- “The most compassionate approach that balances the risks and benefits of reaching herd immunity is to allow those who are at minimal risk of death to live their lives normally to build up immunity to the virus through natural infection, while better protecting those who are at highest risk. We call this Focused Protection.” ~ The Great Barrington Declaration
- “COVID passports are being discussed...is it right that big tech companies and the state are given the power to determine whether or not you can enjoy everyday freedoms? Are we moving towards ID cards by stealth and further empowering massive centralized authorities that we have good reason to distrust?” ~ “Vaccine Passports, New Start or The End of Freedom”, Russel Brand.
- **There are so many voices speaking up who are being ignored. Voices who have nothing to gain and everything to lose. Listen to Victims.**

Totalitarianism: “a form of government that attempts to assert total control over the lives of its citizens. It is characterized by strong central rule that attempts to control and direct all aspects of individual life through coercion and repression. It does not permit individual freedom.”
